

# Donghao Zhu

Website: [donghaozhu.github.io](https://donghaozhu.github.io)

E-mail: [donghao.zhu@in.tum.de](mailto:donghao.zhu@in.tum.de)

## EDUCATION

---

**Technical University of Munich, Germany** 2019 – 2023 (expected)

School of Computation, Information and Technology/School of Management

Ph.D. candidate in Computer Science and Operation Research

Advisor: Prof. Dr. Martin Bichler and Prof. Dr. Stefan Minner

**The University of Tokyo, Japan** 2016 – 2019

Graduate School of Arts and Sciences

M.Sc. in Multidisciplinary Sciences (Math & Computer Sciences)

Advisor: Prof. Dr. Akira Kakimura and Prof. Dr. Naonori Kakimura

**SooChow University, China** 2012 – 2016

B.A. in Engineering (Honors Program)

## RESEARCH INTERESTS

---

*OM/OR Topics:* Platform Design, Matching, Queueing Theory, Policy & Data Analysis

*Methodology:* Stochastic Modeling, Optimization, Agent-based Simulation, Reinforcement Learning

*Theoretical Computer Science:* Complexity Analysis, Approximation Algorithm Design

## WORKING PAPERS (NOT FULLY DOCUMENTED)

---

1. J. Baumler, M. Bullinger, S. Kober, **D. Zhu**. High Satisfaction in Thin Dynamic Matching Markets. *To be submitted*, 2022.

- Presented at UTMD (*The University of Tokyo Market Design Center*) Seminar, the University of Tokyo, Japan, 2022.

- Personal talk at Tokyo Institute of Technology, Japan, 2022; Keio University, Japan, 2022.

2. N. Kakimura and **D. Zhu**. Dynamic Bipartite Matching Markets with Arrivals and Departures. *To be submitted*, 2022.

- Presented at ACM WINE (*Web and Internet Economics*), 2021, Virtual; AdONE Retreat Seminar, Technical University of Munich, Germany 2019.

- Personal talk at Tokyo Institute of Technology, Japan, 2022; Keio University, Japan, 2022.

## PROCEEDINGS

---

N. Kakimura and **D. Zhu**. Dynamic Bipartite Matching Market with Arrivals and Departures. *ACM WINE (Web and Internet Economics)*, 2021.

## WORK-IN-PROGRESS

---

Available upon request.

## STUDENT ADVISING

---

Master Thesis:

- “Dynamic Pricing Problem on Platform: Considering Relocation”, Management, TUM 2022

- “Flexible Batching in a Freight Exchange Platform”, Math, TUM 2020

Bachelor Thesis:

- “The Housing Market under a Supply Shortage”, Informatics, TUM 2021
- “Analysis of Business Models in the Sharing Economy”, Informatics, TUM 2020
- “Investigation of Batching Algorithms in Online Matching Markets”, Informatics, TUM 2020

Advanced Seminar Operations & Supply Chain Management at TUM 2021

- “One-to-one Matching Market: Pricing in Ride-hailing Platforms”, Management, TUM.
- “One-to-one Matching Market: a Survey”, Management, TUM.

## WORKING EXPERIENCE

---

Research Assistant, ERATO Kawarabayashi Large Graph Project, National Institute of Informatics, Japan 2017 – 2019

## ACADEMIC SERVICE

---

Journal Referee: *International Journal of Production Economics*

Session Chair: MSOM (*Manufacturing & Service Operations Management*) Conference 2022

Conference Organization Assistance: WITS (*Workshop on Information Technologies and Systems*) 2019

## SKILLS

---

Programming/Software: Python, C, Gurobi, html, L<sup>A</sup>T<sub>E</sub>X, Matlab

Language: English (fluent), Japanese (conversation), Chinese (native)

## REFERENCES

---

Available upon request.
